

GRASSROOTS PARTNERSHIP WITH AFRICA

Tanzanian Sponsorship Program

Program Overview

Lahash has partnered with the Grace and Healing Ministry of Dodoma, Tanzania to offer the opportunity of supporting orphans and vulnerable children of the city. This program is in partnership with the Grace and Healing Ministry, Lahash, and with the Christian Council of Tanzania. The program aims to offer essential support to children living in vulnerable situations. These children are orphans or very needy kids living with relatives. Their condition is often directly related to the AIDS epidemic of the country.

Program Details

Each child requires a commitment of \$12 per month. Through a partnership with Tanzanian donors, the donation is matched dollar for dollar. This donation enables holistic care of the spiritual, social, educational, health, physical, and emotional needs of the child. The child will write several letters each year to the donor – allowing the donor to stay up to date with the child’s life. We also ask that the donor write letters to the child as well. There will also be periodic updates posted to the Lahash blog with pictures, drawings, and other media to enable greater community involvement in the project.

Because this is a new program, we are asking that donors commit to at least one year of sponsorship. Please remove lower half and send the following information to Lahash.

Child Details:

Name of Child or Children Chosen: _____

Sponsor Details

Complete Name: _____

Address: _____

Phone: _____

Email Address: _____

Please write a check of \$12 to “Lahash” and mail it with this form to the address below:
